ASIAWATER 2018: Regions' best water show; A Resounding Success!

The 10th edition of ASIAWATER is a splash of great success with both exhibitors and attendees breaking all records!

ASIAWATER SPARKLED: the 3-day bustling exhibition and insightful Conferences & Seminars attracted thousands of water industry professionals from across the globe.

ASIAWATER 2018 was held last 10-12 April 2018 at Kuala Lumpur Convention Center (KLCC) – with 7 halls of exhibition area and 50 free-to-attend seminars it welcomed thousands of visitors including special group delegations from Cambodia, Indonesia, Laos, Myanmar, Philippines, Thailand, Vietnam and Malaysia.

Show Overview

Over **1,000**
exhibiting
companies

11 international and regional pavilions
from Austria, China, EU, Bavaria, Illinois
USA, South Korea, The Netherlands,
Singapore, Switzerland, Taiwan and the
Water Environment Federation (WEF).

17,222 quality
trade attendees
from 32 countries

6,323 sqm.
exhibition
floor space

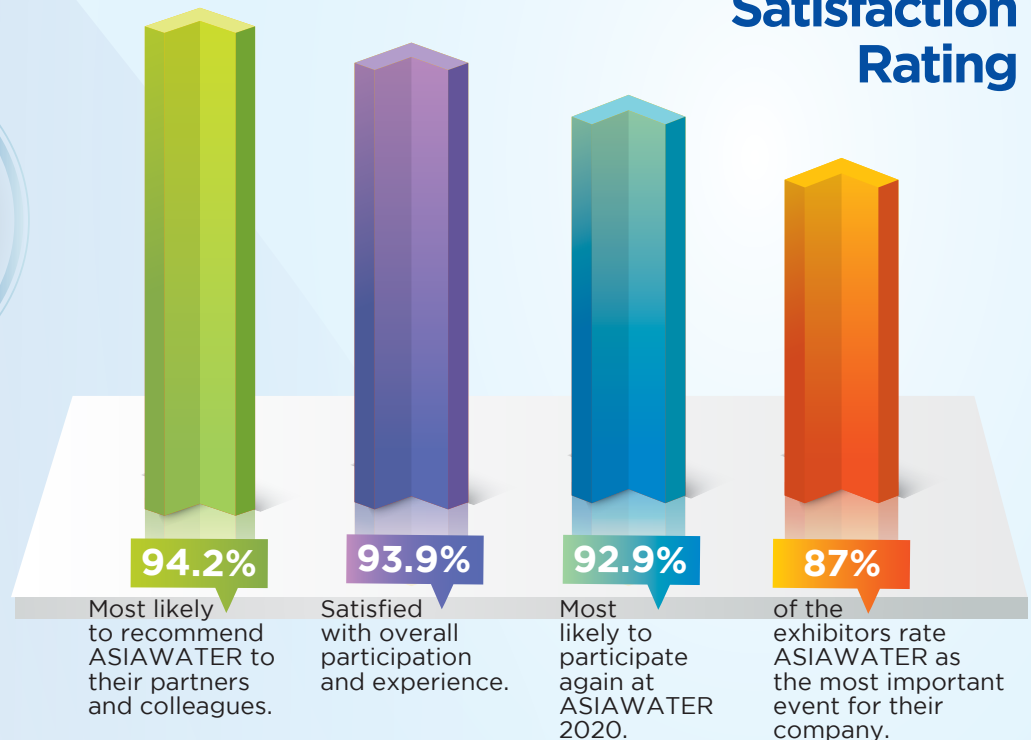

Exhibitor Survey Analysis

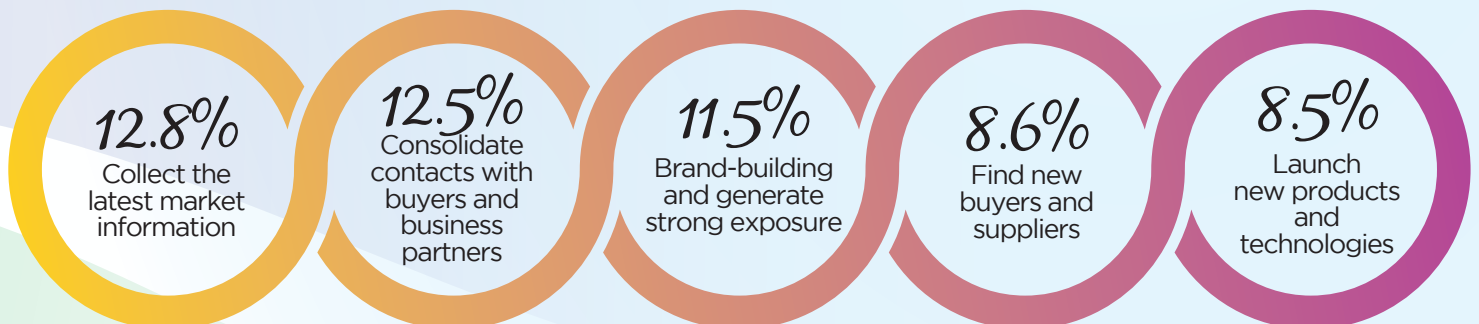

37.8%
First time exhibitors

Exhibitor's Satisfaction Rating

Top 5 Reasons For Exhibiting

Feedback From Our Exhibitors

"Throughout the 3-day event, we managed to receive many new quality customers and prospects that are eager to commence business with us immediately. All these made possible through the ASIAWATER channels which we are very delighted about. Our goals have definitely been achieved; everything is perfect! EMEC SRL will see you again at ASIAWATER 2020."

Mr. Gianluca Gabrielli
Sales Area Manager
EMEC SRL

"Endress+ Hauser is catered to the Water sector including other relevant sectors such as Oil & Gas. We have exhibited in other UBM organised event and we've managed to receive many quality prospects and customers as we did here in ASIAWATER."

Mr. Nagarajan Subramaniam
Senior Engineer
Endress + Hauser (Tenaga)

"We have been a major supporter of ASIAWATER since its inaugural show and we are always satisfied with the quality of trade visitors which makes it easy for us exhibitors to engage with the right people such as consultants and engineers."

Dato Yap Kuak Fong
Managing Director
EBARA Pumps Malaysia

"Our company is an EPCC contractor specialising in water treatment plant, sewage plant, pumping stations and recently venturing into renewable energy. It's been 8 years since our last exhibition and we find that ASIAWATER is best platform for us to make a comeback into exhibitions to inform the industry that Water Engineering Tech (WET) is still going strong. The visitors at this show are also relevant to us and we've met existing clients as well as many new clients here."

Mr. Ng Chin Zheng
Project Manager
Water Engineering Tech
Sdn Bhd (WET)

ASIAWATER 2018 has 15% more international visitors than the previous edition.

Top 5 countries of international visitors

Visitors by Industry Classification

Visitor's Objective of Visit

Gather industry updates and collect market information - **46.9%**

Find new suppliers and seek franchisors / principals - **34.7%**

Source and purchase new products and technologies - **32.5%**

Evaluate the show for future participation - **19.9%**

Consolidate contacts with suppliers and business partners - **19.3%**

Feedback From Our Visitors

"I am visiting ASIAWATER to meet good industry players and partners. It is the best platform to engage with exhibitors and find out what water system would be suitable for our chains of resorts. I've met with many companies for discussion and looking forward to gather more information and to establish more potential partners from the exhibitors."

Ms. Farah Johari
Consultant
OIB Resorts Sdn Bhd

"ASIAWATER 2018 is indeed the place to find new technologies and innovations for the water industry. ASIAWATER not only benefits people in Asia but also people from all over the world by bringing the latest products and conferences closer to industry professionals. I am sure that ASIAWATER will still grow more in the coming years."

Mr. Edgar C. Lopez,
Vice President for International Affairs
Philippines Water Works
Association (PWWA)

"It is my first time to visit ASIAWATER and I fly all the way from Sri Lanka to find good suppliers and find more innovative solutions and products related to the water industry. I have met and talked with a lot of local and international suppliers today. I am satisfied with the outcome of my visit and I will definitely be back in 2020."

Mr. Wijesinghe Don Washeera Nilushika,
Director
Lezzaro Technologies PVT

"This is my first time at ASIAWATER and I must say that I'm impressed with the exhibition. This is ideal for someone like me who is trying to setup a company in the hospitality industry. I am looking for companies which can supply water management machines and wastewater devices for hotels and restaurants. I will definitely be back in 2020."

Mr. Laurent Rivaton
CEO
Money Trees Chains Inc.

Show Highlights

ASIAWATER 2018 featured 11 international and regional pavilions from Austria, China, EU, Bavaria, Illinois USA, South Korea, The Netherlands, Singapore, Switzerland, Taiwan and the Water Environment Federation (WEF). The wide array of international and local key players in the water and wastewater industry presented a complete overview and the latest of products, technologies and innovations.

Official Opening Ceremony

Y.B. Senator Dato' Sri SK Devamany, SSAP, DIMP, SMP, PPT - Acting Deputy Minister of Energy, Green Technology and Water (KeTTha) lead the Opening Ceremony during the second day - 11 April 2018 at the Plenary Hall, KLCC.

"I wish to acknowledge that exhibitors with new and proven technologies and system solutions will benefit all parties and the water industry. This is particularly so as the ministry aspires to make Malaysia the regional centre of excellence for developing water supply and efficient sewerage system for ASEAN countries in particular and other developing countries in general."

Y.B. Senator Dato' Sri SK Devamany
Acting Deputy Minister of Energy,
Green Technology and Water Malaysia

"I wish to recommend the efforts of the organiser of ASIAWATER 2018 as the conference covers not only issues and challenges in water supply and sanitation but also in water resources. I am utterly delighted to see a dedicated track on Water Future Partnership. This is a key area that many countries, Malaysia included, is still lacking. It is clear that sustainable water management is a complex and delicate issue. In this regard, I am grateful that the organiser has seen fit to include discussions on the subject of Partnership for Growth and a Sustainable Water Future."

YB Datuk Seri Dr. Haji Wan Junaidi Bin Tuanku Jaafar
Minister of Natural Resources and Environment (NRE)

Keynote Address by the Minister of Natural Resources and Environment Malaysia (NRE)

Y. B. Datuk Seri Dr. Haji Wan Junaidi Bin Tuanku Jaafar, the Minister of Natural Resources and Environment Malaysia (NRE) delivered his Keynote Address during the third and last day of ASIAWATER 2018 - 12 April 2018 at the Plenary Theatre, Kuala Lumpur Convention Center (KLCC).

ASIAWATER 2018 Conference & Technology Symposium

Over 50 Conference and Seminar sessions were led by prominent speakers and ASEAN water industry leaders discussing: "Partnership for Growth and a Sustainable Water Future". ASIAWATER 2018 Conference covered 3 main topics: "Efficient & Sustainable Water Resources", "Water Future Partnerships", "Water Policy & Governance" and "Water Resources".

ASIAWATER 2018 Regional Dialogue

The following visionaries and leaders of water associations from Southeast Asia gathered to present a forward-thinking approach of finding solutions for water industry challenges in ASEAN:

Dato' Ir Abdul Kadir bin Mohd Din

President, Malaysian Water Association (MWA)

Mr. Edgar C. Lopez

Vice President for International Affairs, Philippine Water Works Association (PWWA)

Mr. Khin Maung Htaey

Vice President, Myanmar Engineering Society (MES)

MSc. Ha Thanh Hang

Member of Standing Committee, Vietnam Water Supply and Sewerage Association (VWSA)

Mr. Erlan Hidayat

Chairman, Persatuan Perusahaan Air Minum Indonesia (PERPAMSI)

Mr. Chay Lo

Board Director, Cambodian Water Association (CWA)
