Specasts Industries Sdn Bhd (SISB) is an ISO9001:2015 registered company specialized in the business of melting, casting & manufacturing of high-grade Ductile Cast Iron, Steel, Bronze, Aluminium, High-Temp Alloys, etc. Since its inception in 1988, SISB has become a trusted name for exemplary quality and reliability. We offer the maximum combination of advanced manufacturing facilities with professional engineering services to meet Sarawak's ever-demanding industrial needs. Our years of experience, technical know-how and specialized facilities provide us with the unique skills and capabilities to produce precision castings to meet the most stringent and demanding requirements for our valued customers.

Booth No.: B107

SURUHANJAYA PERKHIDMATAN AIR NEGARA (SPAN)

Aras bawah & Satu, Prima Avenue 7, Jalan Teknokrat 6, 63000 Cyberjaya, Selangor

****+603 8317 9333 / 334 / 335

SPAN is a technical and economic regulatory body for the water services industry in Peninsular Malaysia and Federal Territory of Labuan. SPAN regulates all entities in this industry including public dan private water supply and sewerage services operators, water supply and sewerage contractors, permit holders and suppliers of water and sewerage products. SPAN regulates this industry in accordance Water Services Industry Act 2006 (Act 655) which was enforced on 1 January 2008.

Booth No.: D104

T&I AVENUE (M) SDN BHD

41G Jalan Putra Mahkota 7/7B, Putra Point Business Centre, Putra Heights, 47650 Subang Jaya, Selangor.

4+603 - 5878 2320

T&I AVENUE (M) SDN BHD is Malaysia's leading supplier of equipment for the cleaning, testing, inspection and rehabilitation of all kinds of pipelines. Our products include High Pressure Water Jet Drain Cleaners, Special TV- Pipeline CCTV Inspection Systems, Resin systems for both full length rehabilitation and sectional repair of pipes and sewers, WinCan- Data Collection Software, Pipeline Testing Equipment

Booth No.: B112

TANK TEAM SDN BHD

B-8-9, Block B, 8th Floor, Unit 9, Megan Avenue II, 12 Jalan Yap Kwan Seng, 50450 Kuala Lumpur.

4+603 2166 2888

We are supplier specialized in Glass Fused to Steel Tank representing ZZTANK which is SPAN approved. We also have the Aluminum Dome Roof which is corrosion resistant yet aesthetically attractive. Our products are suitable for potable water, wastewater, fire water and process water application.

Booth No.: D110

TECH POINT ENGINEERING SDN BHD

24, Jalan Anggerik Vanilla Z 31/Z, Kota Kemuning, Seksyen 31, 40460 Shah Alam, Selangor.

4 + 603-5879 9145

Tech Point has been a trusted supplier and solutions provider in Malaysia's water industry for over two decades. Through strategic collaborations with innovative global partners, we are committed to introducing cutting-edge solutions that effectively tackle the evolving challenges within the water industry. Our current product lineup includes thermodynamic pump performance monitoring solution, as well as motor and pump condition monitoring solution equipped with predictive machine learning capabilities.

Booth No.: D107

TPLI INDUSTRIES SDN BHD

 $Plot\ 30,\ 31\ \&\ 32,\ Jalan\ Logam\ 1,\ Kawasan\ Perindustrian\ Kamunting\ III,\ 34600\ Kamunting,\ Perak.$

4+605 8958001

TPLI Industries Sdn Bhd is a leading local manufacturer that experience in manufacturing of ductile iron products for water treatment, distribution and sewerage system. We produce the products such as valves, joints, fittings, manhole cover, strainers, pillar hydrant and etc. We are offering the best services and the quality products to meet the customer satisfaction.

Booth No.: D106

VAER INDUSTRIAL SDN BHD

17, Jalan Molek 2/5, Taman Molek, 81100 Johor Bahru, Johor, Malaysia

+607 352 0533

Vaer Industrial Sdn Bhd is an established name in the mechanical and electrical (M&E) industry, delivering energy-efficient solutions to clients across Malaysia and Southeast Asia. With a track record spanning over 25 years, the company offers expertise in power quality solution, high-efficiency motors, and variable frequency drives (VFDs). As an official distributor for both ABB Malaysia and WEG Malaysia, Vaer continues to strengthen its product offerings to meet evolving industrial needs. Through its E2 Green Movement initiative, the company supports businesses in reducing energy usage and lowering carbon emissions—driving greater efficiency and long-term sustainability across industrial and infrastructure sectors.

Booth No.: D115

VAG-VALVES MALAYSIA SDN BHD

L05.09 Level 5, Wisma BU8, No. 11, Lebuh Bandar Utama , Bandar Utama, PJU 6, 47800 Petaling Jaya, Selangor.

4+603 7725 4331

VAG can be found wherever water is pumped, treated, stored and distributed. The world demands modern water management – and that's precisely what VAG supplies. With innovative standards in water and wastewater engineering, VAG has positioned itself not only as a supplier of solutions, but also and above all as a quality manufacturer when it comes to durable valves, high functionality and load-bearing mechanisms.

VAG valves are installed amongst others in barrages, dams, water works, drinking water supply networks and wastewater systems – wherever reliable closing and regulating mechanisms are indispensable.

Booth No.: B109

VALMATIC VALVES SDN BHD

Lot 10, Jalan Anggerik Mokara 31/48 Kota Kemuning, Seksyen 31, 40460 Shah Alam, Selangor, Malaysia.

4+603 5122 9888

Valmatic is a leading manufacturer and solutions provider of valves & actuators in the water and waste water industry. Our in-house range includes Butterfly Valves, Gate Valves, Check Valves, Electric or Pneumatic Actuators, designed for reliability and efficiency. Certified and widely recognized by major water authorities in Malaysia, and local state water operators, making us a trusted choice. Our valves deliver long-term performance and compliance with national standards.

Booth No.: A108

WEIDA

Wisma Hock Peng,1st-2nd Floor,123 Green Heights, Jln Lapangan Terbang, 93250 Kuching, Sarawak

4+6082-456 456

In Malaysia, Weida leads the water industry for 40 years. As a trusted provider in water and environmental management, we deliver innovative end-to-end engineering infrastructure products for urban and rural development projects. Weida is the largest producer of high-density polyethylene (HDPE) products in Malaysia. We partner with government agencies and private sectors to achieve sustainable water infrastructure and deliver impactful, future-focused progress nationwide.

Booth No.: C111

WONDER UV PURIFICATION (M) SDN. BHD

No. 246, Jalan Ekoperniagaan 6, Taman Ekoperniagaan 2, Senai Airport City, 81400 Senai, Johor Bahru, Malaysia.

+607 598 2216

WONDER-UV is your reliable UV Water Sterilizer Manufacturer, universal designs for global application with more than 20 years experience in area service. Our products certified with CE, UL, TUV, NSF, CB certification. We can provide customized TOC reduction system design in ultrapure water system and laboratory application. Stainless Chamber Series with flow rate range from 1GPM to 950,000LPH for pure water. UV-resist plastic chamber series for swimming pool, SPA, Fish Aquaculture, compatible for fresh/sea water.
